Following a review of the draft consultation the Council RESOLVED on 22nd August 2016 to made the following comments (taken to the full Council at the September meeting):

- In the absence of any response to Councils request from the two academies for further information the Council considered that the proposed boundary changes provide neither advantage nor disadvantage to either academy at this stage.
- That the inclusion of the orchard area at Dog Village for potential development, owned by the National Trust, appeared to be a possible error. The National Trust was investigating this matter further.
- That the large garden areas planned for exclusion of the boundary line, to possibly prevent future development on this land and preserve green space, appeared to be acceptable.
