Your project

What is your project? What are you applying for the funding for?

The club is continuing to grow and with the cost of living crisis we are trying to keep the costs for all the members at a minimum. We are currently struggling with kit and would like to purchase some new equipment.

Ball- To be able to maintain the high standard training.

Match Ball - We require a certain type of ball to play matches with.

Strengthen equipment- There is a lot of research happening currently around the injury level for women, especially ACL, I would like to hold session which will help with this following guidance from a S&C coach.

Why do you want to carry out this project, why is it wanted, how do you know it is needed, who will it benefit and what difference will it make?

As mentioned above, I would like to be able to continue training to a high standard. With all the research on injured I would like to try and help prevent this by having session that will help strengthen the muscles.

The squad is currently looking at branching out to have a squad in a regional league. This would involve more training.

Proposed timing of the project/ spending the money	Start: August	End: ongoing
