

County Council report for Broadclyst Parish Council 4th December

Sorry I cannot be there in person. I will be representing the parish at Plobannalec-Lesconil over the weekend.

I have responded positively to the proposal to divert the footpath at Mooredge.

We had a good meeting with residents of Poltimore Way, attended by myself, Angie, 2 officers from DCC, and DCC's consulting engineer. The issue is the intention to make a slight change in splay of the junction with the B3181, to enable the new pedestrian crossing. County produced a compromise solution which went a long way to satisfying the concerns of the residents. The work will be done at the same time as the resurfacing of the B3181, which I think is now put back to the spring (approximately).

I am still asking our neighbourhood highways officer to persuade Persimmon to cut the hedges of Tithebarn Way.
