Community Fund application form

SECTION B: ABOUT YOUR PROJECT

What is your project? What are you applying for the funding for?

We are reaching out on behalf of Tithebarn Titans FC, a Devon FA affiliated grassroots football team dedicated to nurturing young talent and promoting community spirit through sport. Our players train hard, show tremendous passion and represent our local area with pride but as a small team, we rely on the generosity of sponsors or donations to keep the team going.

We are currently seeking a community grant to help cover essential costs such as equipment, match and training kits and pitch hire for training and/or matches. Every contribution, no matter the size, makes a meaningful difference to our club and helps us continue providing opportunities for young players to develop both on and off the pitch.

If successful, we would intend to use the grant for purchase of the following match and training kits and equipment. Some of the kit is available on sale, however we have used the normal retail price stated as it is not known whether this sale price will be available at the time or point of order.

Why do you want to carry out this project, why is it wanted, how do you know it is needed, who will it benefit and what difference will it make?

The team consists of 15 players at the U11 age group, who are coached by volunteers. We are seeking funding to strengthen and expand our grassroots football provision within our local community. Our aim is to create a safe, inclusive, and affordable environment where children and young people can develop not only football skills, but also confidence, resilience, teamwork and respect.

Grassroots football plays a vital role in promoting physical health, positive mental wellbeing and social inclusion. There is strong interest and enthusiasm for football within our community. We currently have 15 registered players and a waiting list of 3 children eager to join. We have also received requests from local parents for teams at other age groups. Local schools and community groups have also highlighted the need for more accessible physical activity opportunities, particularly following the impact of reduced activity levels in recent years. Football remains one of the most engaging and accessible sports for young people and demand continues to grow.

We know this project is needed because:

- We have experienced increasing demand for places on the team, including waiting lists.
- Families have requested financial support or flexible payment options.
- We have identified gaps in provision for certain age groups and underrepresented participants.
- Community feedback highlights concerns about youth inactivity and limited local sports opportunities.

Additionally, we have seen first hand the positive impact structured sport has on attendance, behaviour and wellbeing among our current players.

This project will directly benefit:

- Children and young people within our local community.
- Families who may otherwise struggle to afford participation.
- Volunteers and young leaders who will gain training and development opportunities.
- The wider community through improved youth engagement and social cohesion.

We are particularly committed to ensuring inclusion for players from low income households, underrepresented groups and those who may lack confidence in traditional sporting environments.

This funding will allow us to:

- Continue to subsidise player fees to remove financial barriers.
- Purchase essential equipment and kit to ensure safe participation.
- Provide qualified coaching and development pathways.
- Expand training sessions and potentially introduce new teams at other age groups, subject to volunteering and availability of facilities.

The long-term difference will be increased participation, improved physical and mental wellbeing, stronger community connections and positive developmental outcomes for young people. By investing in grassroots football now, we are investing in healthier, more confident and more engaged young people for the future.

We are passionate about providing opportunities that are inclusive, sustainable, and impactful. With your support, we can continue to make a meaningful difference in our community.

Thank you for considering our application. We would welcome the opportunity to provide any additional information required.

Proposed timing of the project/ spending the money

Start: 2026/27 Grassroots Football Season

End: Ongoing

SECTION C: FINANCE. Details of Costs and Funding Sources

What is the total cost of your project and how have you arrived at that cost? (Please include quotes where applicable)

Please find enclosed copy of the financial accounts for the year to date.

The copies of the invoices and receipts to demonstrate the actual expenditure incurred are available, if required.

How much money are you applying for from the Large Grants Community Fund?

£1,961.98

What other funding has been identified? (Please list all additional funding).

Monthly Subs - £220.00 Per Month

£2,560.00 Based on Budget for 2026/27

Is there a shortfall? Yes

Is Yes, how much?

- £1,472.93 Based on Budget for 2026/27

Please give details of other sources of funding (including details of internal fund-raising and external grants). Also include details of any in-kind support (such as people giving their professional skills or time for free).

The club receive monthly subs from members of the team via parents, however this is insufficient to cover the costs of capital expenditure such as equipment and match and training kits, as evidenced in the current YTD accounts submitted.

If there is a shortfall in funding the project, please tell us how this will be met:

The shortfall in the start up and ongoing costs have been covered by the Chairman who has introduced his own funds to cover the expenditure as a non-repayable gift. Without funding, we would need to consider increasing the monthly subs which may introduce financial barriers to joining the team.

SECTION D: MONITORING, EVALUATION, AND EFFECTIVENESS

Please supply details of how you will monitor progress of your project / activity and how you will evaluate its effectiveness

Tithebarn Titans FC is committed to ensuring that all activities, coaching programmes, and community initiatives deliver meaningful and measurable outcomes for our players and the wider community. To monitor and evaluate the effectiveness of the grassroots football provision we offer, the club uses a structured approach focused on participation, player development, volunteer engagement, safeguarding and community impact.

Player Participation & Retention

We track registration numbers, attendance at training sessions and matchday participation throughout the season.

Retention rates will be reviewed annually to assess player enjoyment, satisfaction and long-term engagement in football.

Feedback from players and parents is collected informally during the season and will be collected formally through end-of-season surveys.

Player Development & Progression

Coaches use session plans, observation and individual player development goals to monitor technical, physical and social progress.

The club reviews player development in line with the FA England guidance and adjusts coaching programmes where needed.

Where appropriate, we support talented players into higher-level opportunities through local development centres or advanced pathways.

Coaching Quality & Volunteer Development

All coaches hold the required FA qualifications, and the club monitors ongoing CPD to ensure standards remain high. Volunteers are supported through training, mentoring, and regular communication to ensure they feel confident and valued in their roles.

The club committee reviews coaching delivery and volunteer capacity annually to maintain a safe and supportive environment.

Safeguarding & Welfare

The Club Welfare Officer monitors compliance with the FA safeguarding requirements, including DBS checks, qualifications, and safe practice standards. Any concerns raised by players, parents, or volunteers are recorded, reviewed and used to improve policies and procedures.

Community Impact

We measure our impact through engagement with local families, schools and community groups, tracking how the club contributes to physical activity, wellbeing and social inclusion. Feedback from community stakeholders is used to assess how effectively the club is meeting local needs.

Continuous Improvement

The club committee undertakes an annual review of performance, finances, facilities and participation trends. Findings from monitoring are used to shape future planning, funding priorities and programme design to ensure sustainability and long-term benefit to local young people.
